

OUR CORE VALUES

TO MEET A NEED

We strive to improve the quality of life of each person we serve by addressing their socio-economic, physical and emotional needs

INNOVATE

Revolutionary standards and style of patient care

EMPATHY

Professionalism and compassion are exercised at the highest level

RESPECT

Treating all individuals with respect, recognition and dignity

OUR MISSION

The well-being of each person we serve is at the heart of CrossRoads of Southern Nevada. By providing the tools and the team we aim for a clear path to productive futures. Our focus is addressing the mental health and substance abuse challenges of each individual and our community as a whole.

HOPE FOR CHANGE.

It's Never too Late.

At Crossroads of Southern Nevada it's never too late to be what you might have been.

OUR PROGRAM

PHASE 1 – PSYCHIATRIC URGENT CARE

Our Psychiatric Urgent Care offers mental health crisis intervention, assessments for the possible application/removal of legal holds, and the ability to receive patients directly from first responders such as law-enforcement or EMS units.

PHASE 2 – MEDICAL DETOX AND MENTAL HEALTH STABILIZATION

We offer medical detox for those addicted to substances, a mental health observation and stabilization unit for those not needing a legal hold, and access to group and individual therapy programs.

PHASE 3 – SHORT TERM HOUSING AND OUTPATIENT GROUPS

CrossRoads provides short-term transitional housing, while patients participate in Outpatient Groups, as determined by their need, to assist them as they transition to fully independent living and a long-term sober lifestyle.

PHASE 4 – PERMANENT SUPPORTIVE HOUSING

Working with our community partners, we assist patients with placement in permanent supportive housing where they will continue to work with our case managers and participate in our vocational assistance program. This process allows our patients the opportunity to achieve self-sufficiency and long-term recovery.

SERVICES

ONGOING SUPPORT

With a relapse rate in the addicted community of over 90%, we believe on going support is essential to achieving long-term recovery.

RELAPSE PREVENTION

Long-term recovery requires an awareness of relapse triggers and events. We provide the tools to identify and cope with these pitfalls.

INTENSIVE CARE MANAGEMENT

Our individualized case planning includes long-term intensive case management to ensure ease of access to support systems.

FAMILY INVOLVEMENT

We believe family involvement is critical and incredibly powerful in the healing process, as addiction is a family disease.

HOLISTIC TREATMENT PLANS

We treat the entire patient including their substance abuse, physical, spiritual, mental health, vocational and housing needs.

COMPREHENSIVE CLIENT EVALUATION

Our licensed clinical and mental professionals only empirically-validated tools to assess a patient's needs.

MEDICALLY-ASSISTED DETOX

Our medically overseen detox uses state of the art intervention techniques.

CRISIS MANAGEMENT

Our highly trained clinical team is on-site 24/7, ready to intervene in any level of patient crisis.

ONSITE MEDICAL SERVICES

We provide on-site medical clearance, monitoring, and intervention for all levels of a patient's medical needs.

NUTRITIONAL SERVICES

We assess patient's dietary habits and help them understand the importance of a well-balanced diet in the recovery process.
