## Vision

To provide integrated behavioral health care to people struggling with substance use and/or cooccurring disorders because we believe every life matters.

## Mission

- Providing patients and clients with individualized care plans to address barriers to success in a holistic manner
- Offering evidence-based practices across a continuum of care to support all pathways to recovery.
- Educating the people under our care about available resources to utilize while constructing their long-term recovery journey.
- Developing a professional work force of educated individuals acting in the best interest of the population served.

# Residential Treatment Program

**Residential Treatment**  
CrossRoads of Southern NV (CRSN) provides clinically managed, high intensity residential services. The goal is to provide a protective environment which includes treatment for Substance Use Disorders and co-occurring conditions, with supervision 24 hours per day, 7 days a week. Residential treatment provides coordinated and integrated services which include a comprehensive, bio-psycho-social approach to service delivery. There are daily therapeutic activities in which the persons served participate. The residential treatment center (RTC) is designed for clients who were clinically assessed and require a structurally therapeutic, clinically driven, accountability oriented service.

**Population Served:** Adult males, females, Veterans and drug court participants (18 and over) that meet the DSM-V criteria for Substance Use Disorder.

A typical week in Crossroads RTC program consists of.

- Daily Mind Body Spirit classes
- Process group
- Addiction counseling
- Nutrition workshop
- Yoga
- Men's/Womens Trauma group
- Music, Art, Sound healing therapy
- Exercise group
- Band Camp
- Smoking Cessation Group
- Cognitive Behavioral Therapy
- Eye Movement Desensitization and Reprocessing
- Equine Therapy
- Music Therapy
- Yoga
- Life Skills
- Daily 12 Step meetings
- 

---

Our 80 bed Residential Treatment Program (RTC) provides a structured, live-in environment within a non-hospital setting on a 24-hours-a-day, 7-days per week.
