

CROSSROADS OF SOUTHERN NEVADA

Newsletter

There are lots of exciting events and activities happening around CrossRoads lately and we can't wait for you all to hear about them. We are going to take the newsletter this month to brag about some amazing things the staff are doing for our clients and community!

CRSN'S RESIDENTIAL TREATMENT PROGRAM

The staff at CRSN takes great pride in ensuring that our RTC program is packed full of fun activities that are engaging for the clients but also had therapeutic value to the recovery process. On September 2nd, we added Art Therapy with Ms. Kate Kaplan to the schedule. Clients were able to create their own version of the "CrossRoads Heart." Pictured to the left is one of our client's project. They are all already asking staff when Ms. Kate will be back and we are excited to see what they come up with next time!

STAFF APPRECIATION

CRSN would not be able to operate without the staff whom makes a commitment daily to show up and assist our clients with creating a better future for themselves. The Executive

Team will be hosting several staff appreciation days over the next few months to celebrate those at the front of the line building a supportive community for all!

RED RIBBON WEEK

Each year, schools across the country engage in “Red Ribbon Week” to bring awareness to substance use. CRSN staff will be embracing this tradition and celebrating the last week of September. All staff will be encouraged to dress up to the recovery-related theme in order to earn CrossRoads Cash, our internal acknowledgment system for staff whom go above and beyond their job description!
